Portion your product and Packed up your cost.

WPG-CCV

WMG-P22C

SIMPLE OPERATION

No need to control, conveyor speed and cutting length. Simple setting required; only weight and product amount are.

SAFETY

Opening part has all interlocks. All errors are displayed on the touch screen.

BETTER APPEARANCE

■ Better quality and operation efficiency

After chopping, make portions by SCS (Soft Cutting System). Plus HSP (Hand Side Press) making each portion like hand-made.

■ Smaller package is available (Optional)

With this option, you can handle even really small package, was difficult to do it.

Smaller package

BETTER HYGIENE

Wash down machine. Main unit, Paddle, Urger, Screw and Cutting conveyor belt is all detachable and easy to clean up. Only 30 min. for finishing cleaning up.
